The Public Land Survey Systems of the United States

There are two separate and distinct systems of lands surveys in the United States. (1) The system of Metes and Bounds in which each parcel of land is individually described and bound, and (2) the system of rectangular surveys under which the land is divided basically into equal-sized townships, sections, and fractions therefore.

The irregular system of metes and bounds is used entirely in Maine, New Hampshire, Vermont, Massachusetts, Rhode Island, Connecticut, New York, Pennsylvania, New Jersey, Maryland Delaware, Virginia, North Carolina, South Carolina, Georgia, Tennessee, Kentucky, Texas, and parts of Ohio. Each parcel of land varies in size, is described independently, and is not tied in to any system of basic lines.

The system of rectangular surveys was inaugurated in 1784 and the laws governing its establishment have, with various modifications, been applied to all of the United States with the exception of the states listed above. Under this system the lands are divided into townships six miles square, which are related to basic lines established by the federal government. The base lines running north and south are known as Principal Meridians, while the east and west lines are called simply "Base Lines." The township numbers east or west of the Principal Meridians are designated as ranges whereas the numbers north and south of the Base Line are tiers. Thus the description of a township, for example, "Township 14 North, Range 5 West" would mean that the township is situated14 tiers north of the Base Line for the Principal Meridian and 5 ranges West of that meridian. Guide meridians, at intervals of 24 miles east and or west of the Principal Meridian are extended north and or south from the Base Line; Standard Parallels at 24 mile intervals north and or south of the Base Line, are extended east and or west from the Principal Meridian.

The township is 6 miles square. It is divided into 36 square-mile sections of 640 acres each which may be divided and subdivided as desired. The diagrams herewith show the system of numbering the sections and the usual method of subdividing them.

For Example; A piece of land is described as The NE 1/4 of The SW 1/4 of Section 10, T 4-N, R 5-E, 3rd. Prin. Mer. The translation would be "the Northeast quarter of the Southwest quarter of Section 10 in Township 4 North and Range 5 West of the 3rd. Principal Meridian." By referring to the map the approximate location of this 40 acre tract can easily be determined.

Irregular tracts of land are, of course, also described by metes and bounds within the rectangular survey system. They are, however, tied into the monuments established under the rectangular system.

For detailed information on the public land survey system in the United States see the "Manual of Instruction for the Survey of the Public Lands of the United States" issued by Bureau of Land Management of the Department of the Interior.

HOW TO LOOK UP A NAME FROM THE INDEX OF OWNERS: The Index Of Owners is separated into four categories; Township(T), Range(R), Section(S) and Name. After finding the name look up the township and range number listed on the top of every map page. The map page is sectioned numerically. The name from the Index Of Owners will be inside the section number listed.

Meet Mr. & Mrs. Crystal Meth

written by Alicia VanDavis Forward By Jimmy Ashe, Sheriff of Jackson County, NC

The following is for fair use and educational purposes only. This is a poem passed on to me by a relative of the 21-year-old female who lost her life while addicted to crystal meth. This is a true happening. A 21-year-old female was addicted to crystal meth (methamphetamine), overdosed and lost her life. After her death, they were cleaning out her apartment and in her top dresser drawer, found a poem she had written, "Meet Mr. & Mrs. Crystal Meth".

I destroy homes -
I tear families apart.
I take your children
and that's just a start.
I'm more valued than diamonds,
more precious than gold.
The sorrow I bring
is a sight to behold.
If you need me, remember,
I'm easily found.
I live all around you,
in school and in town.
I live with the rich,
I live with the poor,
I live just down the street
and maybe next door.
I'm made in a lab,
but not one like you think,
I can be made
under the kitchen sink,
In your child's closet,
and even out in the woods.
If this scares you to death,
then it certainly should.
I have many names,
but there's one you'll know best.
I'm sure you heard of me,
My name is Crystal Meth.

My power is awesome,
try me, you'll see,
But if you do,
you may never break free.
Just try me once
and I might let you go.
But if you try me twice,
then I'll own your soul.
When I possess you,
you'll steal and you'll lie.
You'll do what you have to,
just to get high.
The crimes you commit
for my narcotic charms
Will be worth the pleasures
you feel in my arms.
You'll lie to your mother,
you'll steal from your dad.
When you see their tears,
you must feel sad.
Just forget your morals
and how you were raised.
I'll be your conscience,
I'll teach you my ways.
I take kids from their parents,
I take parents from their kids.
I turn people from God.
I separate friends.
I'll take everything from you, your
looks and your pride.
I'll be with you always,
right by your side.
You'll give up everything,
your family, your home,
Your money, your true friend, then
you'll be alone.
I'll take and take
til you have no more to give.
When I finish with you,
you'll be lucky to live.
If you try me, be warned:
this is not a game.
If I'm given the chance,
I'll drive you insane.

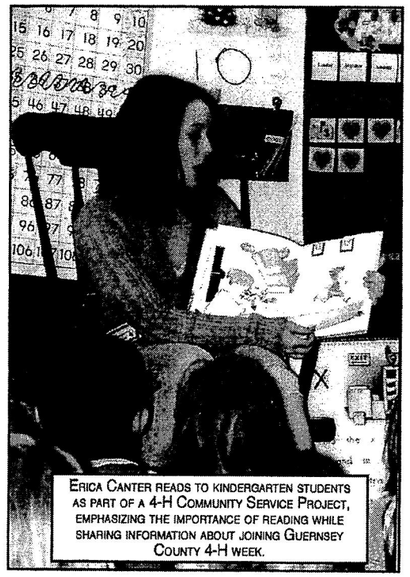
I'll ravage your body,
I'll control your mind.
I'll own you completely,
Your soul will be mine.
The nightmares I'll give you
when you're lying in bed,
And the voices you'll hear
from inside your head.
The sweats, the shakes,
and the visions you'll see,
I want you to know
these are gifts from me.
But then it's too late,
and you'll know in your heart
That you are now mine
and we shall not part.
You'll regret that you tried me
(they always do),
But you came to me,
not I to you.
You knew this would happen. Many
times you've been told.
But you challenged my power. You
chose to be bold.
You could have said no
and then walked away.
If you could live that day over,
what would you say?
My power is awesome,
as I told you before.
I can take your life
and make it so dim and sore.
I'll be your master
and you'll be my slave.
I'll even go with you
when you go to your grave.
Now that you've met me,
what will you do?
Will you try me or not?
It's all up to you.
I can show you more misery
than words can tell.
Come take my hand,
let me lead you to Hell.

What a Brilliant Mind Wasted.

4-H Youth Development

Membership Information:

Eligibility for Ohio 4-H membership begins at age 5 and kindergarten as of January 1 and ends December 31 the year when a youth reaches 19 years of age. Membership begins when an eligible individual is enrolled in a club or group that is under direction of a trained adult and within the scope of Ohio State University Extension.



Erica Canter reads to kindergarten students as part of a 4-H Community Service Project, emphasizing the importance of reading while sharing information about joining Guernsey County 4-H week.
