To Our Readers:
If you are in need of legally correct and scale township or village plot maps, these are on file in the County Engineer's Office, Map Department, in the Courthouse. Each township is divided into range square sections, and the boundaries are shown. The maps in the plot book are not intended to be used as legal documents. For example, the village lines and streets are not drawn to scale. Only roads to which streets are shown. There are often other "dotted" streets and alleys which are undeveloped - these are not shown.
