

# MUSKINGUM COLLEGE

J. KNOX MONTGOMERY, President, New Concord, Ohio

## A County Institution

Muskingum College is distinctly an institution of Muskingum County, and one in which every citizen of the county has a right to be greatly interested. It has served the county for seventy-nine years, having been chartered March 18, 1837. Over 4,000 of the young men and women of the county have been educated in whole or in part at Muskingum. About

3,000 of these have engaged for a longer or shorter time in the teaching profession, while many of them have become famous in the educational world, notably the late President W. R. Harper, of the University of Chicago; President W. O. Thompson, of the Ohio State University, and the late President W. G. Moorehead, of Xenia Seminary.

## A College Growing Rapidly

For many years it was an institution that drew few students from beyond the borders of Muskingum and Guernsey Counties, but last year 515 students were enrolled, representing twenty states, from Vermont on the east to California on the west, and from Michigan on the north to the Carolinas, Alabama and Mississippi on the south, while three foreign countries were also represented in the student body.

For endowment. It is the purpose of the management to make Muskingum College not only the pride and glory of Muskingum County, but of this entire section of the state.

Besides the College proper, there is maintained an Academy which is a member of the North Central Association, a splendid Conservatory of Music and special Department of Agriculture and Domestic Science, with affiliated courses with the State University.

Fifty-five acres have been added to the campus, ten new buildings have been projected, three of which have been erected, three more will be under construction within a year, and it is proposed to raise \$1,000,000

A Summer School and Normal School also have State recognition. For catalog and information, address the President.
